

### **Winterhill School SMSC across the curriculum**

At Winterhill School, the personal development of students is a fundamental part of both academic and pastoral work. We aim to develop students' spirituality, morally, socially and culturally and ensure they are treated as individuals. SMSC is delivered through all curriculum areas as well as through the day-to-day experiences of our students. Our planned assemblies follow current and relevant themes; there are many extra-curricular activities on offer and through the behaviour for learning system. Below are some of the examples that of work that we complete both within school but also with the community.

	<b>Spiritual</b>	<b>Moral</b>	<b>Social</b>	<b>Cultural</b>
<b>Assemblies</b>	Assemblies cover themes linked to both SMSC and fundamental British Values including areas such as democracy, cultural diversity, and mutual respect and keeping safe.
